ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: METHOD AND VEHICLE REACTING TO THE DETECTION OF AN IN-PATH OBSTACLE

(57) Abstract: A method and system for assist-
ing a driver operating a vehicle traveling on a
road includes determining an obstacle as a tar-
get obstacle in the path of the vehicle and pro-
viding information on the target obstacle, regu-
lating at least one of a reaction force input (F)
to the driver, a driving force applied to the vehicle
and a braking force applied to the vehicle in re-
sponse to a control amount determined; measur-
ing a width of the target obstacle; and correcting
the control amount based on the measured width
(w).
